REQUESTOR'S NAME [REDACTED]		EXTENSION 5606	DATE 12 October 1970
SERVICE REQUESTED (use additional sheets if necessary) Please adjust the NTE machine listings, Job 222, to report all of the GS Super-grades who are in a PRA Status or a Development Complement Status. If they are in the Development Complement they should be tabbed in the 222 as PRA. It is realized that there are no dates in the computer that reflect when the Supergrade became PRA; therefore, place all X's in the PRA field on the first run and inform SRB how to get the dates into the listings on future runs.
